HEAD LICE?
WE CAN HELP!

Nits No More is a family owned in-home lice relief service that eliminates head lice safely and effectively. Founded by a mom whose own family experienced head lice, Nits No More now helps others eliminate those unwanted guests quickly!

**CERTIFIED IN THE SHEPHERD METHOD™ OF
"STRAND BY STRAND" HEAD LICE AND NIT REMOVAL**

"KNOWING WHAT TO LOOK FOR IS SO IMPORTANT TO EFFECTIVELY TREAT HEAD LICE. BECKY UNDERSTANDS WHAT WORKS WHICH IS WHY SHE GETS RESULTS!"

- TAMI, NURSE -

"BECKY HAS BEEN HELPING OUR K-8 GRADE SCHOOL FOR THE PAST FEW YEARS AND IS OUR GO-TO HEAD LICE EXPERT! SHE'S BEEN A FANTASTIC RESOURCE AND HAS HELPED MANY OF OUR KIDS AND MOMS"

- TERRY, SCHOOL PRINCIPAL -

TREATMENT DETAILS

HEAD CHECKS

Not sure if you have head lice? We offer head checks to individuals and schools to help identify any head lice or nits. Frequent school checks are key to catching any infestation from spreading more broadly.

COMPLETE LICE AND NIT REMOVAL

Our trained technicians are available to assist you in the removal of lice and their nits. We are skilled in finding even the smallest nymph and work with paper thin strands of hair, combing and nit picking, inch by inch. During the visit we will work closely with your family to help educate them in head lice issues and to offer a variety of preventative steps in an attempt to safeguard your household from reoccurring cases. Once treated, your child will be returned to class, nit free, with a certificate stating completion of treatment and date of the required follow-up visit.

FOLLOW-UP VISIT/RECHECK

We encourage two clean rechecks following the initial treatment process. Each recheck includes a thorough inspection of the scalp and complete combing of the head to ensure reinfestation has not occurred.

HEAD CHECKS

\$ 40 / person

\$ 25 each add'l family member

(If treatment is found and you choose treatment the head check fee is waived)

School / Camp checks: \$1 / head, min 100

TREATMENT RATES

Weekdays 9-5 pm \$ 80 /h

Outside Reg hours \$ 100 /h

Re-checks \$ 25 /recheck

LENGTH OF TREATMENT

Average treatment will take 2-3 hours.

Many variables impact the length of an individual treatment, such as, hair thickness & length, severity of infestation, and cooperation of the individual.

"YOU HAVE HEAD LICE..."

...words that can strike panic for any parent, including myself! After all three of my kids were sent home with lice, I tried everything to get rid of the infestation. Home remedies, combing, and over the counter medicines didn't help. Nothing worked. I was at my "nits" end!

Throughout our head lice battle I discovered the most effective and proven treatment was to pick out lice and nits strand-by-strand. Knowing what to look for and manually "nit-picking" broke the hatching cycle and eliminated the infestation. Life returned back to normal!

Soon after I received many requests from friends, neighbors, friends of friends, asking me to help with their lice problem. The school principal even asked me to conduct on-going head lice checks for the school! Since then I've been certified and started Nits No More to help others find head lice relief.
